

Derek,

First of all, I'd like to thank you and your team for an outstanding job performed on 105 Harbor Dr. Your work was done neatly, thoroughly, and most important of all, successfully. The schedule was followed perfectly and I appreciate you teaming with Jessica with F&ME Consultants to make her job easier. You will certainly be called upon or recommended for any future mold remediation jobs that come my way.

Thanks again for a job well done!
