**Mold Solutions, Inc.  
Mr. Lance Tucker, President  
4458 Augusta Road  
Lexington, SC 29073**

**Dear Lance:**

**I am writing this to thank you for assistance on a mold problem I had with an investment property located in Lexington, S.C. The property is located at 768 Parkhurst Lane, Lexington, and I have rented it for approximately ten years. I recently had a concern from my present tenant that his family seemed to be having allergy problems and suspected mold in the house. You and I walked through the house and you pointed out a few possibilities of mold locations. Your crew then sprayed the house with your product, Bac-Shield.**

**A few weeks after you sprayed the house, my tenant, who can be rather particular, called me with an unsolicited endorsement of your work. To paraphrase, "I don't know what you did, but the house has a fresh, clean smell and we have had no further allergies."**

**I feel that your product and service is a must for anyone considering renovations or remodeling. This is a small price to pay for property owners to protect their investments. In fact, I see unlimited uses for your product.**

**Once again, thanks for your help.**

**Sincerely,**

**Larry Poppell  
927 Windmill Parkway  
Evans, GA 30809**
