Mold Solutions, Inc.
4458 August Road
Suite 4C
Lexington, SC 29073

TO: Employees of Mold Solutions, Inc.

I appreciate the fine job your team did on my mother's house at 4920 Quail Lane in Columbia, S.C. I will be sure to let Liberty Mutual know your firm did a good job.

You conducted yourselves in a professional manner and accomplished the task on time. Special thanks to your Field Supervisors, Jeff Stockweather and Derek Tucker who kept the project moving smoothly and informed me on the Mold Solutions, Inc. protocols for mold mitigation.

I was particularly impressed during the pre-screening phase when you came back out at your expense when *Stachybotrys* was discovered. Not only did you provide more demolition at your expense to get at the problem but it restores my faith in contractors who "go the extra mile" to make sure the job goes right, even if it costs a little extra money.

The results of the Pre-screening and Post Screening Reports were startling – serious heavy contamination with several different microorganisms including the worst kind in *Stachybotrys* to below expected or normal levels is dramatic proof the Mold Solutions, Inc. protocols are effective at mold removal and prevention.

Again, thanks for the help and I won't have a problem recommending your service offerings to others.

Sincerely,

A handwritten signature in black ink, appearing to be 'David Chase', with a long horizontal flourish extending to the right.

David Chase
